

The Jay Diem Band are a 4-piece Canadian Adult Contemporary/Easy Rock/Country Rock band from Niagara Falls, Ontario, Canada. The band formed in 2016 from a collection of music lovers who met in the Niagara music scene playing in other bands, and who all just couldn't get enough of playing in front of live audiences. With influences Blue Rodeo, The Tragically Hip, and Lynyrd Skynyrd, their unique brand of entertainment fuses melodic grooves, soul inspiring like a well oiled machine, and crowd interaction that will make you want to search into your soul and come out feeling alive.

They have been showcased on local TV station CHCH TV, CBC Radio, won 3 Niagara Music Awards, won a local newspaper Readers Choice Award, and are the only local band on all US & Canada AMI jukeboxes. The Jay Diem Band have performed over 500 shows and have performed live at the Coca-Cola Stage right at the Niagara Falls waterfalls for the Niagara Parks Commission, Mayors BBQ, Niagara Ribfest, Welland Floatfest, to name a few.

We were super impressed with the band and we received so many compliments on the selection of music that was played and sung. There were so many guest dancing and singing throughout the night, Jay and the Band really know how to get the crowd going! We look forward to working along side you all again in the near future – Collectively Unique Boutique
